### Join the ASAF Students and Alumni Platform!

ASAF is a platform of African students, alumni and professionals who have benefited from international mobility scholarships funded by the European Union and the African Union.

Join ASAF now to become part of an excellent forum for African change makers! ASAF currently gathers over 1600 accredited members including students, alumni, teachers and administrative staff in the field of higher education. ASAF can offer you opportunities to meet and network with interesting people, to take part in training activities to improve skills and know how, to discuss and develop common ideas and actions. As a member, you can:

- **Network and collaborate with African change makers**  
Meet other brilliant people committed to improving the quality and harmonisation of higher education in Africa.
- **Promote international learning mobility**  
ASAF members can participate in events promoting international mobility, including pre-departure briefings for scholarship holders who are about to start an international exchange as well as skills building workshops and study and skills fairs. ASAF provides information, collects feedback and carries out satisfaction surveys among its members.
- **Give and receive policy advice on higher education and international mobility**  
ASAF organises workshops, panel discussions and other activities to raise awareness of the needs of African students, teachers and administrative staff when it comes to international mobility, including virtual and blended mobility. These activities cover mobility preparation and follow-up as well as topics such as comparability of curricula, transparency and recognition of qualifications, infrastructure, visa policy and technological support. .
- **Engage in training and mutual learning activities**  
The ASAF Online Community enables its members to publish articles, foster relationships and keep connected. ASAF provides opportunities for training sessions, exchanges of views and debates, dissemination of good practice, as well as events and much more!
